WEDDING REVIEWS

Peggy & Tim - 2026

“The strong communication, the willingness to partner with us even if it wasn't a large event. We valued the input, ideas and suggestions. We also appreciated the callout when it was identified that the location needed to be changed and how Alison and staff did everything they could to still make the day perfect. Shelley and the Marshview team are amazing.

In our experience, the whole weekend we spent at LP was incredible. The staff was amazing - all friendly, always asking if we needed anything and quickly learning our names so when they saw us around, called us by name. We felt a part of the LP family and just added to our 'cloud 9' post-elopement feelings.

We have been back to LP since June 5, and the staff remembered us & continued to treat us as newlyweds. This is truly one of our favourite places in Ontario and will continue to come back and spread the word about how incredible this resort is.

The biggest thing that made us feel at ease was the communication. We never felt like we were disturbing anyone and responses were always prompt, clear and answered our (my!) many questions.

Would absolutely recommend that LP promote more elopements or micro weddings as the intimacy that this resort offers is like no other in our opinion.

Once our photos are back, will send some for your review and happy to provide any more feedback as required. We are so very truly grateful for everything.”

Sarah & Simon - 2026

“The staff at LPEA are great. They were so helpful and accommodating. Any question I had, they were able to answer. The hospitality staff during the wedding were amazing. They made sure everything flowed well and that all guests were taken care of.”

Lindsey & Josh - 2026

“The attention to detail and making sure everything about my day went smoothly!”

Lierin & Dave - 2026

“They were very accommodating to our needs for the day of and open to us moving our ceremony there if we needed to. And the space is beautiful. The table and wood decor fit perfectly with our style and the decor we brought in.

Alison was responsive and helpful with our questions and provided ideas on how to best serve our guests. The women who worked our event also went above and beyond. We had so many compliments on the space and the venue. It was perfect for our needs.”

Rachel & Ross - 2026

“The staff were all lovely, they made us feel well taken care of during the planning and the event. All our guests were thrilled with the food, not a single bad word of the food or drinks, thank you for making sure our night was extra delicious.”
